PROJECTS

EEPMS | *Laravel, Tailwind, Blade, Eloquent ORM*

- A Laravel-based system replacing spreadsheets and paper for managing external engagements and partnerships.
- Implemented role-based access for admins, partners, participants, and public users.
- Designed a responsive Blade/Tailwind UI with scalable data modeling.
- Delivered prototype iterations and conducted usability/performance evaluations.

FinWise | *React Native, Expo, SQLite, Reanimated, React Navigation*

- A mobile budgeting app to track transactions, set budgets, and create recurring rules.
- Built with React Native and Expo, featuring a clean, responsive design.
- Optimized for usability and portability with SQLite for offline support.
